Summary:

My name is Tuba Jan. After completing my intermediate studies, I embarked on my journey as a web developer at the end of 2023 through Bano Qabil. Subsequently, I joined SMIT to further my education in the technology field, and I am currently enrolled in a course there.

I am now seeking an internship opportunity. I am a dedicated student at SMIT with expertise in HTML, CSS, and JavaScript, as well as some knowledge of Next.js. For backend development, I have experience with Firebase. If you would like to review my projects, please find the links below.
